What is hope?

Hope is believing and staying positive

Hope is believing that something better will happen soon

Almost wanting or wishing for something to happen for yourself or others

**Hope is being able to see
that there is light despite
all of the darkness.**

Desmond Tutu

Never lose hope.
You never know
what tomorrow
may bring.

Hope

- We all 'hope' for different things in life and for our futures.
- Hope helps us stay positive when things are looking so good
- "I hope that I have my favourite meal at the weekend, I haven't had it for ages".
- "I hope that it stays dry so we can go out at playtime".
- "I hope to learn from my mistakes so I can my next story better".

What things will
you hope for
yourself during
Christmas?

What did we hope for?

What did we hope for?

- Christmas presents?
 - Play Stations?
 - Snow?
 - A fun party at Christmas with my family?
 - I Phones? I Pads? Bikes?
-
- These things are all about ourselves.
 - I want you to think about hope and other people.

What things will
you hope for

other people

during Christmas?

- I have a video to watch.
- I'm going to stop it at certain times to ask you:

How does this show
'hope'?

Hope for other people

- For someone to get better?
- For a friend to have a great time?
- For your family to be safe at Christmas?
- For it to be not so cold so homeless people will be fine?
- For it not to rain so there are not any accidents?
- For my next door neighbour to get a visitor

Hope

- Hope is very important during all times of the year, but especially at Christmas.
- I want you to have hope and be positive.
- During Christmas this year, I want you to think about someone who isn't as lucky as you.
- Think of other people at Christmas time, especially the ones who don't have as much hope as what we do.
