IS YOUR CHILD STARTING SECONDARY SCHOOL IN 2027 OR 2028?

If it's 2027, you might already be looking at open days, application deadlines, and preparing emotionally.

If it's 2028, this is a great time to start gently introducing the idea and building confidence.

ARE YOU OR YOUR CHILD FEELING ANXIOUS?

It's completely normal. Some common worries include:

- Making new friends
- Navigating a bigger school
- Coping with homework and new subjects
- Leaving familiar teachers and routines

ARE YOU PREPARED FOR YOUR NEXT STEP IN PARENTING?

This stage often means:

- Supporting independence while staying connected
- Helping with time management and emotional resilience
- Navigating social media and peer pressure
